

Terre d'Or Sauvignon Blanc 2017

Region

The Languedoc is a vast region stretching across much of the south and Mediterranean and is France's single largest vineyard entity for its Vins de Pays wines. Within the Languedoc lie several distinctly identified Vins de Pays (including the l'Aude, Gard and Hérault) and many generic appellations that maintain traditional local blends and wine styles such as Minervois, Corbières, Pic Saint Loup and Fitou.

Producer

Established in 1967 by Maurice Grignon, the family winemaking and trading company originally specialised in the production and sale of wine-making materials. Then in 1992, the company was sold and became an Association of Cooperatives and started producing wines from Languedoc- Roussillon. In 1996, the company made significant investments into modern equipment, improved storage and now specialises in the production of high quality wines. The name Foncalieu is made up of letters of villages in the region of l'Aude - Fonties de Aude, Capendu - ALzonne - Montolieu.

Tasting Notes

A fresh, aromatic white wine selected from small parcels of Mediterranean hillside vineyard where chalky soils allow the Sauvignon Blanc to express its vibrant natural aromatic character. The wine was matured on its lees for 8 months to enhance the expression of hedgerow, gun flint and citrus fruits. It is crisp and elegant on the palate, with soft fruit with a refined mineral finish.

Food

Excellent as an aperitif and versatile with food; try serving with shellfish, stir-fry vegetables, asparagus and salads.
